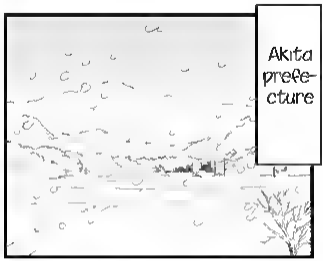
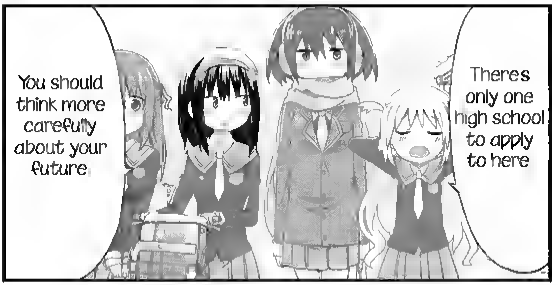
Even if you ask me what my plans for the future are...



Akita prefecture



You should think more carefully about your future
There's only one high school to apply to here

I can't really think of anything I want to do...
If you keep that attitude up, you'll graduate before you know it

I'll probably stay in Akita...
I guess I'll go to a college in Kanto?

Umm..
Ah..
Nana-san, were you thinking about dinner again?
Eh?
What about you, Nana?
I...
I'm thinkin' of goin' to Tokyo...
Ebina Nana (14)

Nana-san... It would be better to do that when you graduate from that accent...

You should try to avoid standing in that pose as well

Don't forget to eat Akita rice ya hear!?
Also.. make sure not to let people hear your accent

Eh?
Why?
No reason.

As long as nothing bad happens..
I'm worried..
Will Nana be okay?

We all eventually leave our birth place.
ゴォォォォォ
Nana really left..

Will she really be all right?

I've lived in Akita my whole life, will I be all right?
From today onwards I'm goin to live in Tokyo

I'm gettin further and further away from Akita...

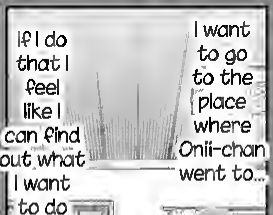
Onii-chan...



I want to go to the place where Onii-chan went to...
If I do that I feel like I can find out what I want to do as well.

In that case...
I hope you find what you're looking for.
